QUICK - FIT Multi-Stage Filtration

Superior filtration system designed to provide refreshing drinking water of exceptional taste and quality.

Watermark Certified with NSF complaint media, resulting in advanced filtration.

Filtration of Mains Water Supply

System designed to effectively reduce contaminants and undesirable odours, while improving taste and quality.

Ideal for reducing risks from microorganisms such as Cryptosporidium and Giardia cysts; while also removing suspended solids (rust, dirt, sediment), organic matter, and some chemicals such as Chlorine.

Quick Change Cartridge

Cleverly designed sanitary cartridge system permits easy replacement.

A quick and simple twist action for removal and installation.

Stream Tap

A quality stylish Stream Tap is supplied for complimenting the filtration. The tap can be fitted at a sink or on a font. This stylish tap has a ceramic disc for durability and for longer life.
